PROPOSED CONSTITUTIONAL AMENDMENTS	
NO. 7 CONSTITUTIONAL AMENDMENT ARTICLE X, SECTION 22	
Patients' Right to Know About Adverse Medical Incidents

PROPOSED CONSTITUTIONAL AMENDMENTS	
NO. 5 CONSTITUTIONAL AMENDMENT ARTICLE X	
Florida Minimum Wage Amendment	
This amendment creates a Florida minimum wage covering all employees in the state covered by the federal minimum wage. The state minimum wage will start at \$6.15 per hour six months after enactment, and thereafter be indexed to inflation each year. It provides for enforcement, including double damages for unpaid wages, attorney's fees, and fines by the state. It forbids retaliation against employees for exercising this right.	
The impact of this amendment on costs and revenues of state and local governments is expected to be minimal.

NO. 6 CONSTITUTIONAL AMENDMENT ARTICLE X, SECTION 19	
Repeal of High Speed Rail Amendment	
This amendment repeals an amendment in the Florida Constitution that requires the Legislature, the Cabinet and the Governor to proceed with the development and operation of a high speed ground transportation system by the state and/or by a private entity.	
The probable financial impact of passage of this amendment is a state cost savings ranging from \$20 billion to \$25 billion over the next 30 years. This estimate assumes the repeal of associated laws, the use of state bonds to finance construction, and could be reduced by federal or private sector funding.

Provides that patients' identities should not be disclosed.	
The direct financial impact this amendment will have on state and local government revenues and expenditures cannot be determined, but is expected to be minimal. State agencies will incur some additional costs to comply with public records requirements of the amendment, but these costs will be generally offset by fees charged to the persons requesting the information.

The direct financial impact on state and local governments resulting from the proposed initiative would be minimal. There will likely be additional costs to the state of less than \$1 million per year, but these costs will be offset by licensure fees.
