News Release

Indian River County Supervisor of Elections Makes the Switch to .gov

Indian River County, FL – The Indian River County Supervisor of Elections website address is now VoteIndianRiver.gov. Website domains ending in .gov are only offered to U.S. based government administrations. The .gov designation comes with increased security to deter malicious actors from attempting to impersonate government organizations.

“By switching to .gov we now have enhanced security with our domain and an easily identifiable website address for the public to use,” Supervisor of Elections Leslie Swan said.

Anyone using the prior VoteIndianRiver.com domain, will be automatically redirected to the VoteIndianRiver.gov website. The Election Office has also updated all staff email addresses to reflect the .gov change.

For additional information please visit VoteIndianRiver.gov or call the Elections Office at 772-226-4700.
