MUNICIPAL ELECTIONS POST-ELECTION AUDIT

Canvassing Boards for the City of Sebastian and the City of Vero Beach Municipal Elections met to conduct the post-election manual audit of the November 5, 2013 Municipal Elections. The race and precinct for the post-election audit were selected randomly by the Boards as required by Florida Statute 101.591. The purpose of the manual audit is to ensure that the voting equipment used in the election accurately counted votes.

The State of Florida requires that the audit shall consist of a public manual tally of the votes cast in one randomly selected race that appeared on the ballot. Precinct ten from the City of Sebastian and precinct twenty-three from the City of Vero Beach were randomly selected to be audited. The tally included election-day, absentee, provisional, and overseas ballots.

Three teams were assembled to conduct the manual audit. The total votes manually counted for each precinct matched exactly the total votes tallied by the voting machines.
